v15.1 is Now Shipping

Packed with dozens of new products and features across all supported platforms, our newest release delivers the capabilities you'll need to build compelling, high-impact desktop, web and mobile solutions.

When Only the Best Will Do
See what your peers say about our products and support.

Thank you DevExpress for building one of the most powerful, feature rich control suites on the market. Your superior support staff is second to none! I can't even begin to measure the amount of time the controls have saved me. And to see the look on people's faces when they experience the controls first hand, is priceless!
